

# IMPORTANT NEWS FOR OUR MEMBERS

## Highlights of our December Meeting

### A MOST ENJOYABLE EVENING

The December membership meeting provided an opportunity for learning as well as lots of good food and fellowship. John Williams started the meeting appropriately with a moment of silent respect for Charlie Bryant who passed from this life on November 8. He reported progress on the renovation of the layout at Lake Junaluska, and reminded us that we have a train show in February. Because New Years Day occurs on Thursday next year, we decided to have our next meeting on the second Thursday, January 8 at 7 pm.

Following the short business session we shared good food with good company, and admired a few beautiful models brought in by several of our members. One of those models is shown here.

SHOWN ARE VIEWS OF THE FRONT AND REAR OF JOE NORRIS' BEAUTIFUL HO SCALE MODEL OF SCOTT'S GARAGE.
